Short support description	The clinical research department of the Rothschild Foundation Hospital, carries out extensive research activities based on a dedicated support service, accredited Clinical Research and Innovation Delegation (DRCI) in 2016 by the French Ministry of Health. We pilot around 125 clinical research studies each year and nearly 300 scientific articles are published each year. The Rothschild Foundation Hospital is at the 2nd rank among Paris Region for patient inclusion and 3rd rank for study sponsor activity.

This profile is part of the [Comprehensive Inventory \(CI\)](#) provided by the [STARS project](#).

Purpose of the CI is to assist European academic drug developers in finding support on regulatory affairs. The inventory lists various support services provided by national competent authorities, public actors and private entities.

For information about the STARS project please visit www.csa-stars.eu or contact CoordinationSTARS@bfarm.de.
